ILALA PALM SIDE TABLE NO. 2 - MAUVE/OCHRE

Item Code: **IPT4B**

A modern twist on traditional Zulu basketry these distinctive side tables are woven with Ilala palm by Bambizulu artisans who are custodians of this traditional African craft. All tables are handwoven by individual crafters who have their own signature weave techniques, so each piece is unique.

The Ilala palm fronds are sustainably harvested in the northernmost region of KwaZulu Natal. The weavers pull the palm fronds into strips and dye them using seasonal fruits, roots, and the bark of trees. Due to the handcrafted nature of these characterful pieces each one is unique.
