HAUSA WOODEN BOWL LARGE - BROWN

Item Code: **LHAU1**

Limited Edition. Please contact our Client Liaison team for more information. Carved from the Iroko tree trunk, these small Hausa bowls are dense and durable. As the wood ages, the colour of the bowls take on a deep golden hue, adding an aesthetic quality to the bowl. Hausa people are one of the largest ethnic groups in West Africa with strong cultural roots to Islam. As the way of life for the Hausa people becomes more westernized, these bowls are becoming increasingly difficult to find and in turn more valuable. This item is hand crafted, which means each piece is unique. Please note that the final product you receive could vary slightly in colour and size
