LOZI MORTAR SIDE TABLE WITH METAL TOP - WHITE STRIPE

Item Code: **LOZM1**

Limited Edition. Please contact our Client Liaison team for more information. Traditionally used for pounding grain, these striped mortar stools have been adapted for contemporary settings. In the Tonga tribe of Zimbabwe, a husband would carve a mortar and gift it to his bride as a symbol of a new start in her husband's family. This slim mortar features delicate carvings near the base and has a unique texture. It is made from Winter Thorn with a metal top. This item is hand crafted, which means each piece is unique. Please note that the final product you receive could vary slightly in colour and size.
