NARA - THISTLE

Item Code: **NAR1**

Artisanal alpaca and wool yarns are woven into the face of this natural linen fabric to create a distinctive curvaceous structure. The ground cloth is completely unbleached and undyed, so slight natural colour variations occur with each flax crop. A specialist stonewashed finishing process creates a beautiful soft handle and heavy drape, which creates wonderfully full curtains. Designed to complement the fabric named Kyoto, Nara is also suitable for upholstery and is Masters of Linen certified.
