## TREASURE - ANTIQUE SILVER

Item Code: **TRE1**

Treasure is loosely woven from natural fibres to create a prominent texture. After weaving, a thin layer of foil film is applied to the surface by hand. The fabric then goes through a special process which rubs the foil off from the surface, leaving remnants of the foil particles on the fabric. In the final stage, the fabric is washed to give the cloth the vintage silver or gold appearance. Limited availability.

Composition: 40% Co, 40% Li, 20% Vi

Width: 140 cm / 55 "

Usage: Curtaining

Weight: 0.35 kg

Intrastat Commodity Code: 54075400

Care Instructions:

**Limited Edition. Exclusively available at 44 Pimlico Road**
