ECLIPSE PORCELAIN VASE - GREY

Item Code: **VAS13**

Inspired by the craters, valleys, mountains, and flat plains of the lunar landscape, this globe shaped vase has an extraordinary texture built up through the many processes of production. To begin the shape is set in the first stoneware bake, second the dark blue glaze is applied and fired, third the structured glaze that creates the cratered effect is applied and fired, lastly, the gold glaze is applied and the vase is fired for the final time. Each piece is one of a kind.

The Eclipse vase is waterproof, but this cannot be guaranteed as they are hand crafted and may be slightly permeable. If filled with water, we recommend that they be placed on a waterproof mat to protect valuable surfaces.
